Technical Service Bulletin – 43

Mustang Dark Horse R Glass Windshield Information

Note that Ford production glass windshields are the only approved parts per the homologation document allowed when running in IMSA Mustang Challenge or USAC Mustang Cup sanctioned events.

Windshield PR3Z-6303100-B

Note that tear offs are allowed and recommended for added robustness to track debris.

Action:

Any non production windshields that may be installed, including windshields provided during the Mustang Challenge Le Mans Invitational event must be replaced with PR3Z-6303100-B.
